Hanna Winter Resort

Program Overview

The Hanna Winter Resort allows Troops and Crews to take advantage of the excellent facilities and winter environment around the Hanna Venture Base and Camp Tesomas. Campers will have meals prepared for them and are each given a bunk for sleeping.

Campers are on their own to do anything they want whenever they want. They may choose to play broomball, build a snow shelter, go snowshoeing, ice fish, go sledding or try their hand at our 22' indoor climbing wall. You can also choose Project Tenderfoot or an overnight trek. Equipment for all these activities is included in the camp fee. For an additional fee, scouts can participate in one of our Micro-Treks.

Registration & Fees

Registration is on a first come first served basis. Units can reserve space without assigning individual names until Dec. 15th at which time any un-named space will be released. **Registration can be completed online at CampingIsKing.com.**

- Cost per Youth is \$50
- Cost per Adult is \$40
- Availability can be seen online. Weekend capacity of 100 campers!
- \$5 late fee may apply for camper registrations after December 31st.
- Full payment is due 2 weeks before your scheduled weekend.

Check In

Hanna Winter Resort check in is from 7 pm - 8 pm on Friday evening at the Hanna Venture Base. If you will be arriving later than this please contact Samoset Camping.

Preparation

- Use this guide in explaining the program to Scouts. There are activities for all age groups. If they choose, older Scouts can go on an overnight trek, middle age build a snow shelter, and new Scouts enroll in Project Tenderfoot. Troops and patrols may want to create their own schedule.
- Hold a meeting to check each Scout's gear before leaving for camp.
- Let us know ahead of time if any camper has special medical or food needs.
- Have an Annual Health and Medical Record sheet completed for every camper. **Bring a duplicate of this form to camp as we are required to keep a copy on file after you leave.**
- Medications brought to camp must be in their original container

In Case of Bad Weather

Sessions are typically not cancelled for bad weather. Leaders must decide if conditions are too hazardous for travel and must contact Samoset Camping if you will not be coming. Otherwise refunds will not be available.

Health Forms

All campers must submit a copy of their Annual Health and Medical Record. Please complete parts A & B. This activity is less than 72 hours so campers can omit part C. **Copies turned in to camp must be kept on file after they leave camp.**

The Annual Health and Medical Record form can be found on our website CampingIsKing.com.

Hanna Winter Resort

Typical Day at Camp

Once you arrive, one leader should check in at the Base with Health Forms and all medication.

Staff will then direct you to your cabins. Troops may be split up to follow Youth Protection guidelines but we will try to keep everyone together if possible. The Buffalo Bill, Bixby, Ledbetter, Dosier, Schooley Lodge, and staff cabins as well as the rooms inside the Hanna Venture Base will be used for campers.

Once settled in, you can simply get comfortable and play some board games. There will be a meeting to help you and the staff prepare for the weekend activities Friday evening.

After breakfast on Saturday, staff will check out equipment and explain how to properly use it. Campers may use the equipment for the entire day if they choose. Other than scheduled meals, the day is completely theirs. The climbing wall will again be open after supper.

Showers, rest rooms, equipment storage, and meals are in Hanna Venture Base. Meals include Saturday breakfast, lunch supper and Sunday breakfast. Additional showers and rest rooms are by the staff cabins and the east shower house.

Before leaving, a leader should check out with the office to collect patches and pay any remaining balance. A program evaluation will be emailed to you shortly after your visit.

This program helps new Boy Scouts complete some of their Tenderfoot rank and teaches them some camping basics. Scouts should prepare by reading the requirements in the Scout handbook.

Winter Camping Tips

Stress to all campers that cotton clothing is not appropriate for outdoor winter activities. Cotton holds moisture and your body cools quicker with wet cotton than with nothing at all. Encourage all Scouts and leaders to dress in layers.

Too much physical activity can cause perspiration which creates more moisture buildup in clothing than exterior snow. Don't over exercise. Ventilate and loosen clothing as needed. Change wet layers before they soak others. Rest for 10 minutes after every hour of activity.

Even in colder conditions your body will need fluids. Especially with higher than normal activity levels. Make sure your Scouts are drinking plenty of water.

Camperships

The Tesomas Alumni Camping Trust has been established to assist any youth with financial need to experience camping.

After review of the campership application by the campership committee, a letter will be sent to the unit leader whose signature appears on the form informing him/her of the decision and of the amount (if any) that will be awarded to the applicant.

The campership application can be found on our website, CampingIsKing.com **Applications are due December 1st.**

Program Overview

Polar Cubs provides Cub Scouts an opportunity to go outside in cold and snowy weather and love it. Boys and their parents will be part of a “Super Den” that is led through several fun wintry activities by enthusiastic staff members.

There are also overnight options which accustom Scouts to camping. Scouts spend most of their day outside but eat meals and sleep inside. There are opportunities in the evening for a movie.

Polar Cubs is also a great way to acquaint with the camp in preparation for summer camp. A mix of great staff and outdoor adventures will make this a winter your Cub Scouts won't forget.
